SUMMARY: IT Coordinator with hands-on experience in data center–like environments, including rack-and-stack operations, structured cabling, and network infrastructure deployment in 24/7 production operations. Strong in Cisco networking, hardware troubleshooting, and maintaining high availability systems. Open to 24/7 operations, including night and rotating shifts.

PROFESSIONAL EXPERIENCE

Hwashin America Corporation May 2025–Present

IT Coordinator

- Promoted to IT Coordinator to lead network infrastructure operations across multiple manufacturing plants supporting 800+ users in a 24/7 production environment.
- Led Cisco-based network infrastructure upgrades across two plants, redesigning backbone topology and implementing standardized VLAN architecture to improve network availability and reliability.
- Performed rack-and-stack operations, including installing and maintaining network hardware (switches, rack systems), organizing structured cabling, and ensuring reliability of physical infrastructure in production environments.
- Diagnosed and resolved plant-wide wireless failures caused by RF interference, PoE limitations, and channel contention through root cause analysis, improving production data accuracy from 99.0% to 99.8%.
- Supported deployment of a Hyper-V high-availability virtualization cluster using Windows Server 2022 and shared NAS storage, enabling failover clustering and live VM migration.

IT Specialist June 2024–Apr. 2025

- Designed, deployed, and operated enterprise network infrastructure supporting 800+ users across multiple manufacturing facilities, including Cisco Catalyst switching, Aruba wireless networks, firewalls, VPN connectivity, and IP-based surveillance and access control systems.
- Supported physical infrastructure deployment, including rack installation, cabling, and hardware setup, while integrating OPC servers with industrial systems for real-time production operations.

SKILLS (Data Center Infrastructure | Network Operations)

Networking: TCP/IP, Subnetting, VLAN, Inter-VLAN Routing, STP, L2/L3 Switching, Routing (OSPF, BGP), Network Troubleshooting
Cisco: Catalyst Switching, Cisco IOS
Infrastructure: Rack & Stack, Structured Cabling, Hardware Installation, Switch Deployment, Power and Connectivity Management
Security: Firewalls, ACLs, VPN, Network Segmentation
Tools: Wireshark, Python (basic scripting)

CERTIFICATE

Cisco Certified Network Associate (CCNA)	Mar. 2026
CompTIA Network+	July 2025
AWS Certified Cloud Practitioner	Aug. 2023
GX Works 3 PLC Programming – *Mitsubishi University at Allied Automation, Inc.*	Mar. 2025
PLC Basics GX Works 2 – *Mitsubishi University at Rhodes State College*	Feb. 2025

EDUCATION

University of South Carolina (GPA: 3.94 / 4.00) *MS in Computer Science*	Jan. 2023–May 2024
University of South Carolina (GPA: 4.00 / 4.00) *Ph.D. in English*	Aug. 2019–May 2024
Chonnam National University *BA and MA in English*	Mar. 2014–Aug. 2019
