

March 10, 2020

Mr. Punit Kunjam
International Institute of Information Technology
Naya Raipur, Chattisgarh, India

Dear Mr. Kunjam,

Based on your academic background and achievements, I am pleased to invite you as a visiting student at the Sensing, Manipulation, and Real-Time Systems (SMARTS) laboratory in the Department of Computer Science, Johns Hopkins University, for Summer 2020. This invitation is contingent upon completing necessary documentation at JHU and obtaining a visa.

During your visit at Johns Hopkins University, I would like you to participate in our work on augmented reality head-mounted display (HMD) research. In particular, we are investigating the use of HMDs to provide guidance for surgical procedures. Given your background and experience in this field, I believe that you will do an excellent job.

Sincerely,

Peter Kazanzides, PhD
Research Professor
Department of Computer Science
Johns Hopkins University
